

STUDENTS' TECHNICAL AND INNOVATION CLUB

Ideas Today Innovation Tomorrow

STIC

IDEAS TODAY, INNOVATION TOMORROW

WHO WE ARE ?

STIC is the first ever Official Technical Club of Medi-Caps University, Indore.

We are bunch of passionate individuals who share a common interest and passion for technology.

Holding different forte and interests we work under a single unit to organize events that helps quenching our curiosity and passion for doing something new.

Ideas Today Innovation Tomorrow

- The people behind everything technical in the university.
- Organize Workshops
 - on new trends and technologies
 - on existing technologies
 - hands on approach to development
- Hackathons
 - 6 or more hours of dedicated coding and teamwork.
- Sending Teams to Competitions
 - Helping students to participate in various competitions.

WHAT WE DO ?

HOW IT ALL STARTED ?

HOW IT ALL STARTED ?

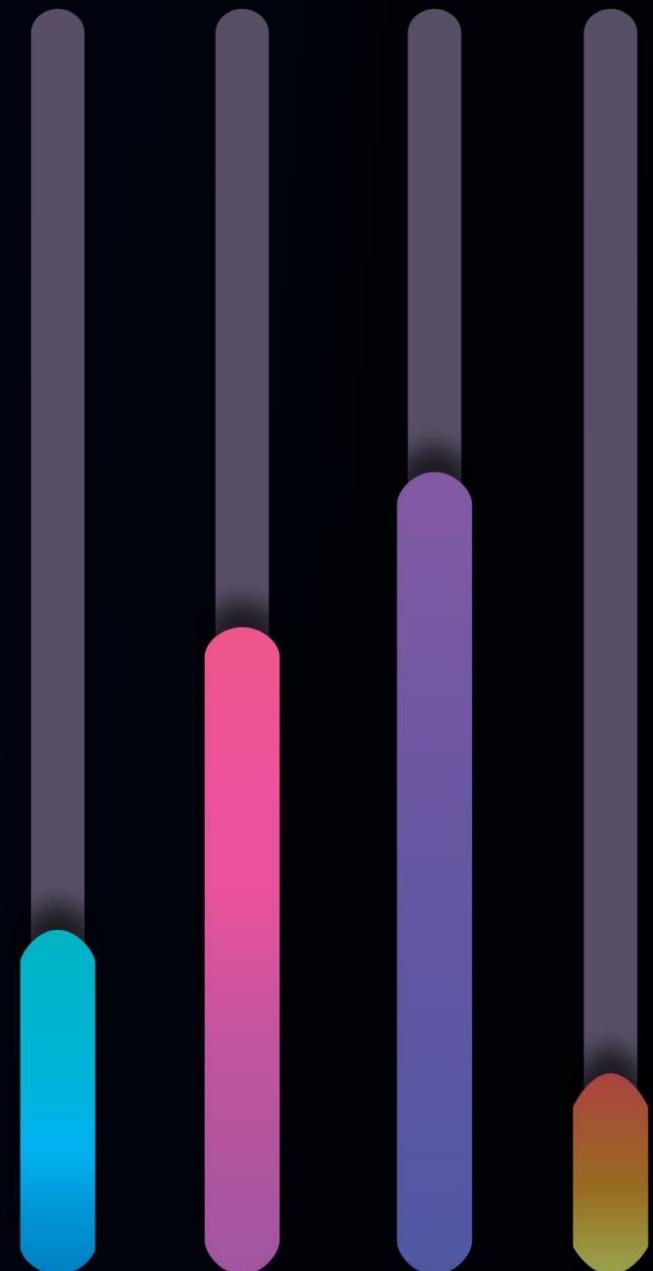

We were bunch of curious kids or "nerds" as they liked to call us who took our collective interest towards technology and started this club in hopes to spread the knowledge and bring similar minded students to work and grow together.

DIVISIONS

Ideas Today Innovation Tomorrow

**WEBDROID, is the division
of STIC devoted entirely for
computer engineering and its
sub fields.**

In webdroid we emphasize on implementation of theoretical knowledge. Through webdroid we provide its members a platform to work on real time projects, communication, workplaces, tutorial classes and workshops.

WEBDROID

Ideas Today Innovation Tomorrow

MECHATRONICS

MECHATRONICS, the interdisciplinary division of STIC is a community of candidates who gain pleasure in tinkering with machines which have the potential to survive without human assistance.

Ideas Today Innovation Tomorrow

ELEKTRA, the electronics division of STIC. In Elektra you will learn to deal with the generation, distribution, switching, storage, and conversion of electrical energy to and from other forms of energy.

This club's aim is to provide knowledge, guidance and exposure of electricity to its members so that they are ramp ready to face and beat their competition.

ELEKTRA

Ideas Today Innovation Tomorrow

MARKETING & MANAGEMENT

Our Marketing and Management team is an important part of our organisation. Marketing teams main goal is to act as a projector and increase the influence of STIC inside as well as outside the campus.

Management committee acts like the driving force that keeps the wheel of growth moving ahead, one innovation at a time.
